INTERCONTINENTAL SPECIALTY FATS SDN BHD

Background

Intercontinental Specialty Fats Sdn. Bhd.(ISF) specializes in producing premium grade specialty food fats and oils to cater to the needs of our global customers. Besides having the edge of being close to the raw material supplies in Malaysia, we are backed by the company's years of expertise in fulfilling your needs of fats and oils. The factory in Port Klang, which was built in 1984, is equipped with sophisticated down-stream processing machinery. However, to meet the needs of a rapidly expanding market for a full range of specialty fats and oils, a new refinery complex was built in 1996. It is conveniently located in Dengkil town that is close to Kuala Lumpur International Airport (KLIA). ISF has an ideal manufacturing base for high quality specialty fats and oils due to its strategic location in Malaysia and its close proximity to raw materials - palm oil supply.

Products/ Services

CBEs - Cocoa Butter Equivalents; CBRs - Cocoa Butter Replacers (Non-Lauric based); CBSs - Cocoa Butter Substitutes (Lauric based); Special Oils for Soft & Spreadable Chocolate; All grades of Palm Mid Fractions (IV 32 to 50); All grades of Double Fractionated Palm Olein (IV 60 to 68); Hard Palm Stearin (Melting Point 58 to 60°C); Milk Fat Replacers and Improvers; Filling Fats (Lauric & Non-Lauric based); Coating Fats (Lauric & Non-Lauric based); Ice-Cream Fats; Toffee Fat; Shortening & Dough Fats; Margarines; High Stability Vegetable Fat and Oil; Fully Hydrogenated Palm Oil and Stearin (In flake form); Hydrogenated Palm or Soyabean Oil; RBD Coconut Oil & Hydrogenated Coconut Oil; Refined, Bleached & Deodorised (RBD) Palm Oil, Palm Stearin and Palm Olein; RBD Palm Kernel Oil, Palm Kernel Stearin and Palm Kernel Olein; Interesterified Fats.

AGRI-PALM FAR EAST SDN BHD

Background

Agri-Palm Far East Sdn Bhd was incorporated in 1989 in Malaysia as a procurement company.

In 1997, the company was restructured and Agri-Palm Far East Sdn Bhd has changed its role from trading business to a brokering company. Since then, the primary objective of the company has been to help buyers, particularly end buyers in various countries in sourcing agro-based products with particular emphasis on vegetable oils. Agri-Palm Far East Sdn Bhd has been actively operating in the Malaysian and Indonesian palm oil markets.

Products/ Services

Brokering of Crude Palm Oil; RBD Palm Olein; RBD Palm Stearin; Palm Kernel Oil and Coconut Oil.

FIMA BULKING SERVICES BERHAD

Background

FIMA Bulking Services Berhad is a wholly owned subsidiary of Kumpulan FIMA Bhd. The company was incorporated in 1979 to operate a common-user multi product liquid bulking terminal in Northport, Port Klang, Malaysia.

Situated directly opposite the deep water point and anchorage area, the terminal enjoys one of the most ideal port facilities in the region with the maximum departure draft of 11.5m.

Without tidal restrictions, it offers round-the-clock service and its three working bulk wharves are capable of accommodating vessels up to 60,000 tonnes displacement and LOA of 225m. The total current capacity of the FIMA Bulking terminal is 75,000 m³ with tanks ranging in size from 800 m³ to 3,100 m³. It provides specialized tankage of various sizes and requirements.

Products/ Services

Bulking facilities for 80 different grades of liquid products

FIRST RESOURCES TRADING PTE LTD

Background

First Resources Trading Pte Ltd is a wholly owned subsidiary of First Resources Limited. Listed on the Singapore Exchange since 2007, the Group is one of the fastest-growing palm oil producers in the Asia-Pacific. We now manage more than 130,000 hectares of oil palm plantations and operate nine palm oil mills in Indonesia. Our core business activities are cultivating oil palms, harvesting the fresh fruit bunches and milling them into crude palm oil (CPO) and palm kernel for sale to the domestic and international markets. With our integrated processing facilities, we also refine part of our CPO production into higher value products such as Olein and Biodiesel.

Products/ Services

Crude Palm Oil (CPO); Refined, Bleached and Deodorised (RBD) Palm Oil; Palm Stearin and Palm Olein; Palm Kernel Oil; Palm Fatty Acid Distillate (PFAD); Biodiesel (EN 14214 standard), Crude Glycerine

LIPIDS TERMINAL SDN BHD

Background

Lipids Terminal Sdn Bhd is an industry leader in the handling and storage of bulk liquid products through its ownership and operation in Westport, Pulau Indah, Malaysia. It is the lessor of more than 18,000 MT of storage capacity catering to the needs of a wide range of liquid vegetable oils apart from the different types of palm oil products exported.

Bulk liquid storage terminals provide an essential link in the supply chain of the palm oil industry particularly in the downstream sector. Apart from the primary business activity of leasing storage capacities, another revenue earner of Lipids Terminal Sdn Bhd is the provision of ancillary services such as product throughout transfer, heating and blending which can be tailor made in accordance with customers' requirement.

To be cost effective, our pricing is largely dependent on the services provided and the infrastructure available including an efficient pipeline system, deep water berths and easy access to major roads and highways.

/// DRIVEN BY OUR CUSTOMERS

SIDHU BROTHERS TRANSPORT SDN BHD

Background

It all began in 1979 as a family owned and operated business built on dedication, commitment, loyalty and the passion to succeed. What started as a one-tanker palm oil transportation business has evolved into a reputable company with a combined fleet of close to 130 trucks. Today, this self-made company is one of the largest palm oil transporters in Malaysia. Eventually, the company's reigns were taken over by the second generation; Ranjit Sidhu, Mandeep Sidhu and Jimmy Sidhu, who have managed to lead the business from strength to strength. Sidhu Brothers is certified according to ISO 9001: 2008 standard. Additionally, the company is among the first in Malaysia to be awarded with the MPOB license to transport palm oil.

Products/ Services

Sidhu Brothers specialise in bulk tanker haulage via road tankers covering the entire spectrum of the palm oil upstream and downstream activities. Depending on customers need, we have the right sized tanker (s). Our Palm Oil tankers operate in a time critical deliveries due to millers demand for same day delivery of their Crude Palm Oil (CPO) products.

Tanker Haulage Services for Bulk Liquid and Dry (Cement), mainly for the Palm Oil Industry, are the backbone activities and the core expertise within Sidhu Brothers. We also operate tankers which are specially designed to transport various types of bulk liquid based products such as: Refined Edible and Hydrogenated oils, Latex, Fuel oil, Chemical, Biodiesel and Residue oil. Our reach covers Malaysia, Singapore and Thailand.

SARAFIAH NATURAL RESOURCES SDN BHD

Background

Sarafiah Natural Resources Sdn Bhd is one of the leading suppliers of containerized palm based edible oil from the world's second largest palm oil producing country, Malaysia. We are located within the West Port Industrial Estate in Port Klang which is the leading port in Malaysia with excellent infrastructure and up to date facilities in handling both liquid bulk and containerized cargo. Our strategic location and proximity to the port are an added advantage in terms of quick accessibility and cost saving in transportation leading to better customer service.

Our filling plants have a combined capacity in excess of 5000 MT per month catering to a wide range of consumer and industrial packaging sizes which are shipped to more than 20 countries worldwide.

We, in Sarafiah Natural Resources Sdn Bhd are continuously striving for innovative ideas to enhance our corporate image in upgrading our facilities from time to time to maintain our high quality standard and satisfaction of our discerning customers while making our products affordable.

Products/ Services

Packaging centre with experience in packing palm olein in any type of packing method.

Manufacturer of soap from Palm oil base.

SAWINDO AGRI PTE LTD

Background

Sawindo Agri Pte Ltd, a wholly-owned subsidiary of Kencana Agri Ltd, a listed company on Singapore Stock Exchange. Kencana Group is a plantation company engage mainly in the cultivation of oil palms; processing of Fresh Fruit Bunches; operate bulking terminals, port and logistic services.

Kencana's oil palm plantations are strategically located in Sumatra, Kalimantan and Sulawesi regions in Indonesia. Currently, with relatively young oil palms, we are in a good position to deliver strong production growth in near future.

In order to fully leverage and maximise the value chain of its plantation assets and logistics services, the Group, together with Louis Dreyfus Commodities, has built an integrated palm oil complex in Balikpapan and will continue to expand it.

A strong supporter of sustainable palm oil, Kencana strives to pursue long-term and sustainable palm oil production. We adopt environmentally friendly practices such as zero burning and zero waste management policies.
