

## Omega Chartering Pte. Ltd.

**Omega Chartering Pte. Ltd.** was established in March 1995. The core business of the company at that time was the chartering of oil and chemical tankers for the purpose of transporting vegetable oils to various worldwide destinations. Omega Chartering is equipped to handle voyage-charters, contract-of-affreightments and time-charters. Today, we are one of the few shipbrokering companies who concentrate almost exclusively on vegetable oil transportation. This allows us to fully utilize our expertise for very specific markets. Since our inception, the company has grown, and now, we are engaged in the time-chartering of tankers upto about 40,000 deadweight tones on behalf of our principals. We tailor our services to suit our clients, and are well connected with worldwide ship owners as well as charterers.
