Kenanga Deutsche Futures Sdn Bhd

## Background

Kenanga Deutsche Futures Sdn Bhd is a joint venture company between Kenanga Investment Bank Berhad and Deutsche Asia Pacific Holdings Pte Ltd. Kenanga Deutsche Futures has been consecutively at the forefront of the derivatives market, as a leading futures brokerage firm in Malaysia. It has been so ever since the firm was first bestowed by Bursa Malaysia Derivatives Berhad (BMD) as the “ Top Overall Futures Broker” and “Top Equity Futures Broker’ in 2003.

## Products/ Services

Apart from being a direct member of BMD , Kenanga Deutsche Futures is also a registered broker with the US CFTC and was granted exemption relief pursuant to Commission Regulation 30.10 which enables the firm to paper directly with US entities without having to establish an office in the US. The firm is a pioneer in facilitating Direct Market Access since April 2008, and remains to be at the forefront of electronic trading. Via sponsored access route, the firm now facilitates electronic trading connections to foreign banks and institutional clients across Asia, Europe and most recently direct access for U.S domiciled clients to trade into BMD listed products.
