

Lab Alliance Sdn. Bhd.

Background

LabAlliance (M) Sdn Bhd has been an industry leader in the lab supply distribution business since year 2000. LabAlliance offers a comprehensive range of lab instruments and solution supported by technical specialists with expertise in key market segments. Our core laboratory product offerings are spread in key areas such as Analytical Technologies, Material Characterization Technologies, Biosciences and Nuclear Medicine. We have an equipped testing lab offering material characterization analysis services and hands on training.
