

GREEN EDIBLE OIL SDN. BHD.

Background

Green Edible Oil Sdn. Bhd. (GEO) was established in 2005 as a biofuel manufacturer located in Sandakan, Sabah, Malaysia in the light of global awareness and increasing demand for sustainable fuel, parallel to the national ambition through the introduction of National Biofuel Policy to spur biofuel development.

Driven by an increasing demand for oil palm products, particularly in the edible oil sector, GEO has laid out a project road map to diversify and expand our oil palm products which includes the production of Refined, Bleached, Deodorized Palm Oil (RBDPO), RBD Palm Olein (RBDPL) as well as RBD Palm Stearin (RBDPS).

GEO is in the process of implementing ISO 9000 as well as getting Roundtable of Sustainable Palm Oil (RSPO) certification to ensure the product quality is in compliance to various standards and produced from sustainable sources.

Products/ Services

Refined, Bleached & Deodorised (RBD) Palm Oil, Palm Stearin and Palm Olein; Palm Fatty Acid Distillate (PFAD), Palm Methyl Ester (PME or Biodiesel), Crude Glycerine (CG).
