

FUTURE PRELUDE SDN. BHD.

Background

Future Prelude Sdn Bhd is an integrated oleochemical company specialising in the production of several oleochemical products and biodiesel using sustainable palm oil as feedstock. The company has its plant and office facilities located strategically at Port Klang, which is the most active port in Malaysia.

The company's main shareholders are Far East Holdings Bhd (listed on Bursa Malaysia Main Market) and Prosper Palm Oil Mill Sdn Bhd, which are major plantation companies having years of experience and expertise in the cultivation of oil palms to the milling of palm oil.

Future Prelude is also a member of Malaysian Biodiesel Association (MBA).

Products/ Services

Deodorised Palm Kernel Oil (RBD PKO), Palm Methyl Ester (PME or Biodiesel), Glycerine (Tech Grade), Glycerine (Pharmaceutical Grade), Palm Fatty Acid Distillate (PFAD), using sustainable Crude Palm Oil (CPO) or Crude Palm Kernel Oil (CPKO) as feedstock.

We intend to market all our products both locally and globally, through various shipping and transportation arrangements made via third party.
