

KL-KEPONG EDIBLE OILS SDN BHD

Background

KL-Kepong (KLK) is amongst the top plantation companies in Malaysia, with a land bank in excess of 248,746 hectares, located in Peninsular Malaysia (69,261 hectares), Sabah (40,359 hectares) and Indonesia (139,126 hectares). Oil palm is the predominant crop with an annual production of 3.1 million MT of Fresh Fruit Bunches (FFB) and which is expected to increase rapidly in the years ahead as the vast new plantings in Sabah and Indonesia are progressively brought into harvesting. Processing of the crop is carried out in KLK's own mills and refineries into crude palm oil, RBD palm olein and stearin, and kernel oil and cake.
